

Poison Centre Notification (PCN) Services

On January 1, 2021, EU importers and downstream users have been obligated to notify their mixtures in a harmonized format and unique formula identifiers (UFIs) must be included on mixture labels. This is an important change for companies placing hazardous mixtures on the EU market.

Importers and downstream users placing hazardous mixtures on the market that have not already notified under national legislation must comply with Poison Centre Notification (PCN) requirements from the following dates:

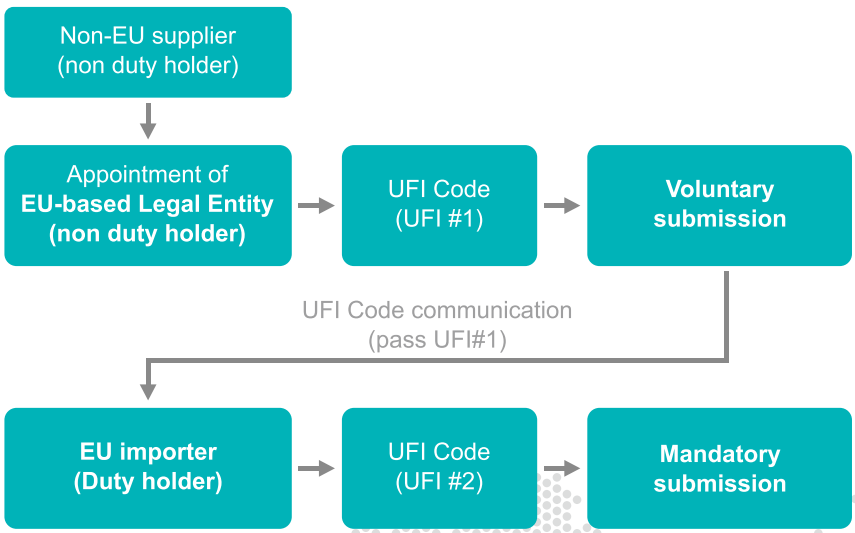

- Mixture for consumer use: January 1, 2021;
- Mixture for professional use: January 1, 2021; and
- Mixture for industrial use: January 1, 2024.

Services:

- UFI Code generation;
- Voluntary PCN submission (non-EU suppliers);
- PCN Submission (EU companies);
- Notification update;
- EU REACH; and
- EU CLP (including MSDS and Labeling).
