

COMMISSION REGULATION (EU) 2016/293**of 1 March 2016****amending Regulation (EC) No 850/2004 of the European Parliament and of the Council on persistent organic pollutants as regards Annex I****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 850/2004 of the European Parliament and of the Council of 29 April 2004 on persistent organic pollutants and amending Directive 79/117/EEC ⁽¹⁾, and in particular Article 14(1) thereof,

Whereas:

- (1) Regulation (EC) No 850/2004 implements the commitments of the Union under the Stockholm Convention on Persistent Organic Pollutants ('the Convention') approved by Council Decision 2006/507/EC ⁽²⁾ and under the Protocol to the 1979 Convention on Long-Range Transboundary Air Pollution on Persistent Organic Pollutants ('the Protocol') approved by Council Decision 2004/259/EC ⁽³⁾.
- (2) Annex A to the Convention (elimination) contains the chemicals of which the production, use, import and export should be forbidden and for which legal and administrative measures should be taken to eliminate such chemicals.
- (3) The Conference of the Parties to the Convention has, pursuant to Article 8(9) of the Convention, decided at its sixth meeting to amend Annex A to the Convention in order to include hexabromocyclododecane ('HBCDD') in that Annex. That amendment contains a specific exemption for the production and use of HBCDD in expanded polystyrene and extruded polystyrene in buildings.
- (4) In accordance with Article 22(3) of the Convention, amendments to Annexes A, B and C thereto enter into force 1 year from the date of the communication by the depositary of the amendment, which, for HBCDD, was 26 November 2014.
- (5) Pursuant to Article 14(1) of Regulation (EC) No 850/2004, HBCDD should be listed in Annex I to that Regulation in order to implement in the Union the prohibition of production, use, import and export of that substance.
- (6) HBCDD is currently listed in Annex XIV to Regulation (EC) No 1907/2006 of the European Parliament and of the Council ⁽⁴⁾, as a result of which HBCDD may be placed on the market or used after 21 August 2015 only if such placing on the market or use has been authorised in accordance with Title VII of Regulation (EC) No 1907/2006, or if an application has been made for such an authorisation before 21 February 2014 and a decision on that application is still pending.
- (7) As a consequence of the provisions of Title VII of Regulation (EC) No 1907/2006 that have applied to HBCDD since 21 August 2015, the Commission sent the Convention's depositary a notification, in accordance with Article 22(3)(b) of the Convention, on 25 November 2014 informing it that the Union could not accept the amendment of Annex A to the Convention before 21 August 2015. As that date has now passed, HBCDD should be listed in Annex I to Regulation (EC) No 850/2004.

⁽¹⁾ OJ L 158, 30.4.2004, p. 7.

⁽²⁾ Council Decision 2006/507/EC of 14 October 2004 concerning the conclusion, on behalf of the European Community, of the Stockholm Convention on Persistent Organic Pollutants (OJ L 209, 31.7.2006, p. 1).

⁽³⁾ Council Decision 2004/259/EC of 19 February 2004 concerning the conclusion, on behalf of the European Community, of the Protocol to the 1979 Convention on Long-Range Transboundary Air Pollution on Persistent Organic Pollutants (OJ L 81, 19.3.2004, p. 35).

⁽⁴⁾ Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing a European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No 793/93 and Commission Regulation (EC) No 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC (OJ L 396, 30.12.2006, p. 1).

- (8) Any authorisation granted for the use or placing on the market of HBCDD should be limited to the scope of the specific exemption provided for in the amendment of Annex A to the Convention, which permits the use of HBCDD only in expanded polystyrene and extruded polystyrene in buildings and its production only for that purpose. Since no application for authorisation for use of HBCDD in making extruded polystyrene was received in the Union under Regulation (EC) No 1907/2006, that use should no longer be permitted.
- (9) The amendment of Annex A to the Convention, and more specifically the new Part VII inserted in that Annex, further requires that expanded polystyrene and extruded polystyrene containing HBCDD that are placed on the market can be easily identified throughout its life cycle by labelling or other means. That requirement should be implemented in the Union.
- (10) In order to reinforce the practical application and consistent enforcement in the Union of the prohibition in Article 3 of Regulation (EC) No 850/2004, a threshold limit should be set for HBCDD occurring as an unintentional trace contaminant in substances, preparations and articles. In order to take account of technical developments, this threshold limit should be reviewed by the Commission within 3 years from the date of entry into force of this Regulation with a view to lowering the threshold.
- (11) Annex I to Regulation (EC) No 850/2004 should be amended in order to specify, in accordance with Article 4(4) of the Convention, that the specific exemption for HBCDD expires on 26 November 2019, which is 5 years after the date of entry into force of the Convention with respect to HBCDD, unless an earlier expiry date is notified by the Union to the Secretariat and indicated in the Register of specific exemptions.
- (12) In order to allow a period of transition to adapt to the rules of this Regulation, the prohibition in Article 3 of Regulation (EC) No 850/2004 should not apply to expanded polystyrene articles and extruded polystyrene articles containing HBCDD produced before or on the date of entry into force of this Regulation until 3 months after the date of its entry into force.
- (13) It is necessary to clarify that neither the prohibition of the production, placing on the market and use laid down in Article 3 of Regulation (EC) No 850/2004 nor the identification requirement referred to in recital (9) should apply to articles containing HBCDD which are already in use on the date of entry into force of this Regulation.
- (14) Where use of HBCDD in expanded polystyrene articles has been authorised in accordance with Title VII of Regulation (EC) No 1907/2006, the import and use of expanded polystyrene articles containing HBCDD should also be allowed for the duration of the validity of that authorisation.
- (15) The committee established by Article 29 of Council Directive 67/548/EEC ⁽¹⁾ did not deliver an opinion on the measures provided for in this Regulation and the Commission therefore submitted to the Council a proposal relating to those measures and forwarded it to the European Parliament. The Council did not act within the 2-month period provided for by Article 5a of Council Decision 1999/468/EC ⁽²⁾ and the Commission therefore submitted the proposal to the European Parliament without delay. Since the European Parliament did not oppose the proposal within 4 months from the date that it was first forwarded to the Parliament, the Commission should now adopt the proposal,

HAS ADOPTED THIS REGULATION:

Article 1

Annex I to Regulation (EC) No 850/2004 is amended in accordance with the Annex to this Regulation.

Article 2

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

⁽¹⁾ Council Directive 67/548/EEC of 27 June 1967 on the approximation of laws, regulations and administrative provisions relating to the classification, packaging and labelling of dangerous substances (OJ 196, 16.8.1967, p. 1).

⁽²⁾ Council Decision 1999/468/EC of 28 June 1999 laying down the procedures for the exercise of implementing powers conferred on the Commission (OJ L 184, 17.7.1999, p. 23).

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 1 March 2016.

For the Commission

The President

Jean-Claude JUNCKER

ANNEX

In Part A of Annex I to Regulation (EC) No 850/2004, the following entry is added:

Substance	CAS No	EC No	Specific Exemption on intermediate use or other specifications
<p>Hexabromocyclododecane</p> <p>“Hexabromocyclododecane” means: hexabromocyclododecane, 1,2,5,6,9,10-hexabromocyclododecane and its main diastereoisomers: alpha-hexabromocyclododecane; beta-hexabromocyclododecane; and gamma-hexabromocyclododecane</p>	<p>25637-99-4, 3194-55-6, 134237-50-6, 134237-51-7, 134237-52-8</p>	<p>247-148-4, 221-695-9</p>	<ol style="list-style-type: none"> <li data-bbox="847 461 1414 658">1. For the purposes of this entry, Article 4(1)(b) shall apply to concentrations of hexabromocyclododecane equal to or below 100 mg/kg (0,01 % by weight) when it occurs in substances, preparations, articles or as constituents of the flame-retarded parts of articles, subject to review by the Commission by 22 March 2019. <li data-bbox="847 703 1414 1010">2. The use of hexabromocyclododecane, whether on its own or in preparations, in the production of expanded polystyrene articles, and the production and placing on the market of hexabromocyclododecane for such use, shall be allowed provided that such use has been authorised in accordance with Title VII of Regulation (EC) No 1907/2006 of the European Parliament and of the Council (*), or is the subject of an application for authorisation submitted by 21 February 2014 where a decision on that application has yet to be taken. The placing on the market and use of hexabromocyclododecane, whether on its own or in preparations, in accordance with this paragraph shall only be allowed until 26 November 2019 or, if earlier, the date of expiry of the review period specified in an authorisation decision or the date of withdrawal of that authorisation pursuant to Title VII of Regulation (EC) No 1907/2006. The placing on the market and use in buildings of expanded polystyrene articles, that contain hexabromocyclododecane as a constituent of such articles and are produced in accordance with the exemption in this paragraph, shall be allowed until 6 months after the date of expiry of that exemption. Such articles already in use by that date may continue to be used. <li data-bbox="847 1588 1414 1839">3. Without prejudice to the exemption in paragraph 2, the placing on the market and use in buildings of expanded polystyrene articles and extruded polystyrene articles that contain hexabromocyclododecane as a constituent of such articles and are produced before or on 22 March 2016 shall be allowed until 22 June 2016. Paragraph 6 shall apply as if such articles were produced pursuant to the exemption in paragraph 2. <li data-bbox="847 1883 1414 2051">4. Articles that contain hexabromocyclododecane as a constituent of such articles and are already in use before or on 22 March 2016 may continue to be used and further placed on the market and paragraph 6 shall not apply. Article 4(2), third and fourth subparagraphs shall apply to such articles.

Substance	CAS No	EC No	Specific Exemption on intermediate use or other specifications
			<p>5. The placing on the market and use in buildings of imported expanded polystyrene articles that contain hexabromocyclododecane as a constituent of such articles shall be allowed until the date of expiry of the exemption in paragraph 2 and paragraph 6 shall apply as if such articles were produced pursuant to the exemption in paragraph 2. Such articles already in use by that date may continue to be used.</p> <p>6. Without prejudice to the application of other Union provisions on the classification, packaging and labelling of substances and mixtures, expanded polystyrene, in which hexabromocyclododecane is used pursuant to the exemption in paragraph 2, must be identifiable by labelling or other means throughout its life cycle.</p>

(*) Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing a European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No 793/93 and Commission Regulation (EC) No 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC (OJ L 396, 30.12.2006, p. 1).
